ABOUT US...

FONMAR is a trust of the government of Baja California Sur, created with the purpose of regulating sport fishing, protecting the species exclusively destined for the activity, and to manage the income obtained by sport fishing licenses.

OUR GOAL

CONSERVATION

Perform fishing inspection and surveillance actions carried out by sea and land for the custody, restoration, control, maintenance and conservation of marine resources of the state of Baja California Sur, while verifying the existence of the relevant permits, the correct use of fishing gear, compliance of ban seasons and other fishing and environmental provisions.

TO PROMOTE

In addition to providing sportfishing activity at the state, national and international level for its strengthening and growth in the state of Baja California Sur, campaigns are carried out to encourage sport fishermen to practice "catch and release", so that in the future we may continue to enjoy the same marine species.

RESEARCH SUPPORT

Provide support for research and execution of environmental education campaigns in order to preserve and achieve sustainable use of marine resources.

WHAT YOU SHOULD KNOW...

Here is some important information that will help you while sportfishing in Mexico.

SHOW YOUR FISHING LICENSE TO THE AUTHORITIES

They are just doing their job making sure the species are being taken care of.

YOU MAY NOT FILLET FISH WHILE ON YOUR BOAT OR ISLANDS

You may only eviscerate captured fish to avoid perishing.

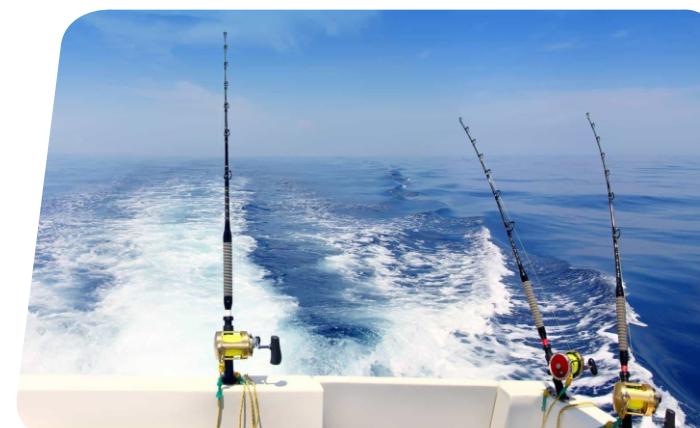

THERE ARE FOUR TYPES OF FISHING LICENSES

Per day, week, month and year. REMEMBER! It MUST be on the name of the person who is going to use it.

YOUR FISHING LICENSE IS GOOD ANYWHERE IN MÉXICO

The fishing license that you get in any of our available platforms is valid throughout Mexico.
